Joint Contingency Contracting Training and Professional Development

Army Contingency Contracting Conference

Frank J. Anderson, Jr.
President
Defense Acquisition University

April 21, 2005

Overview

- Update on DAU and Contracting
- DAU Support of Contingency Contracting
- Bridging the Knowledge Gap
- Knowledge Sharing

DAU Mission

Provide practitioner training, career management, and services to enable the AT&L community to make smart business decisions and deliver timely and affordable capabilities

- We train the AT&L Workforce through certification and assignment-specific courses
- We promote career-long learning through our Continuous Learning Center
- We offer Performance Support to the AT&L Workforce through consulting, Rapid Deployment Training, and targeted training
- We facilitate Knowledge Sharing through on-line resources and communities of practice

How do we “Engage the Learner” and Better Leverage this Tremendous Capability?

The Engaged Learner Means an Engaged Worker.

Consider the way training was delivered in the past.

- ***Someone set the day***
- ***Someone set the place***
- ***Someone set the time***

But today is <u>different</u>:

"An Agile, Integrated Learning Environment is where work and learning Merge (Workflow Learning) --- Delivering Learning Assets *at the Point of Need to Engage the Learner!"*

Bridging the Knowledge Gap – Engage Learners on the Job!

Gallup Survey…29% of workforce engaged

55% not engaged

16% actively disengaged

Engaged learners are:

- Motivated knowledge seekers ----know how to learn

- Able to transfer knowledge to solve problems creatively.

- Energized by and have a passion for their learning

20% of what they see and hear

80% of what they use, do or simulate doing

Benefits of Engaging the Learner with a "Continuous Presence" on the Job

Our Strategy to Engage the Learner
